about SUMMER READING

Summer Reading is a statewide program that encourages people of all ages to read for fun during the summer months. Public libraries across the state promote summer reading by offering paper and electronic reading logs and prizes while also hosting programs and events.

Every year there's a theme, and 2023 is **All Together Now**. What does that mean? You might see a lot of bright colors and 1960s imagery around the library this summer as we celebrate all that makes us different and the same. We believe that reading helps us understand each other, and we hope to bring our community together by doing just that.

To get started, go to fayettelibrary.beanstack.org and sign up for your free account. We have reading challenges available for all ages. Once you register you can start reading, logging your time, earning badges and winning prizes--right from your phone. You can earn badges by reading, writing reviews, and attending programs. It's that simple!

Check out our schedule of programs. We have everything from movie screenings to sign language classes to magic shows to crafts (and more).

"Come together" with us this summer! Register for Summer Reading 2023 and remember--if you ever feel lonely, all you need is love (and a good book).

SUMMER DONATION OPPORTUNITIES TO HELP OUR COMMUNITY

Let's come together to help others! The theme of this year's Summer Reading Program is "All Together Now" and that certainly lends itself to working together for the benefit of the community. We've partnered with three local non-profits that are doing amazing things in Fayette County: Bloom, Fayette Samaritans, and Royal Animal Refuge. All summer long the library will be a drop-off location for donations to these organizations. Our goal is to donate 100 items to each group by the end of summer reading (July 26). You can help us reach this goal by bringing an item or items from the list on the next page when you visit us over the summer. Let's see how much good we can do for our community by working All Together Now!
